Professional Summary

A highly motivated and versatile Full-Stack Developer with a B.Sc. in Computer Science from Veritas University Abuja. Possesses a strong foundation in both front-end and back-end development, with hands-on experience in JavaScript (Node.js, Next.js), Python (Django), and mobile development (Flutter, Unity). Proven ability to lead and collaborate in fast-paced environments, as demonstrated through successful project delivery and leadership roles.

Technical Skills

- **Languages:** Python, JavaScript (TypeScript), C#, Dart, HTML, CSS
- **Frameworks/Libraries:** Django, Node.js, Next.js, Flutter, Unity, PyTorch, Scikit-learn, BabylonJS
- **Databases:** Neon, SQL
- **Tools:** Git, GitHub, Docker, Figma, Adobe Creative Suite (Illustrator, Photoshop, Premiere Pro), Canva, Capcut
- **Cloud/DevOps:** CI/CD, AWS (basic)
- **Other:** Agile Methodologies, Software Development Lifecycle (SDLC), Operations Management, Public Relations

Professional Experience

Assistant Administrator | Novare Gateway | Abuja, Nigeria | 2025 - Present

- Provide comprehensive administrative support in a fast-paced real estate environment.
- Manage tenant relations, including issue reporting, follow-ups with technicians, and resolution tracking.
- Coordinate weekly security meetings and assist with shared office management.
- Handle document management, including filing, photocopying, and scanning.

Admin & Operations Manager | Tiktalkmedia | Abuja, Nigeria | 2023 - 2025

- Oversaw all company operations, leading a team to execute successful marketing campaigns.
- Managed client relations, ensuring high levels of satisfaction and retention.
- Performed quality control on all content and edited videos for various promotional campaigns.

Guest Service/Operator Representative | Transcorp Hilton Abuja | Abuja, Nigeria | April 2023 – October 2023

- Provided exceptional customer service in a high-volume, telephone-based role.
- Addressed guest inquiries and resolved issues promptly and professionally.

Projects

Medical Appointment System

- **Role:** Group Leader
- **Description:** Led a team of four to develop a web application for patients to book and pay for medical appointments. The system was designed to be a key component of a larger telemedicine platform.
- **Technologies:** Django, Python, Neon (Database), Blockchain (for e-wallet payments with MetaMask).
- **Achievements:**
 - Successfully integrated a blockchain-based payment gateway.
 - Designed and implemented the database schema.
 - Presented a live demo to a test audience of students and faculty.

Blog Web Application

- **Role:** Group Leader
- **Description:** As group leader, I was involved in all aspects of the project, from design to deployment. The application allows users to create accounts and post articles under various topics.
- **Technologies:** Node.js, Next.js, Neon (Database), Figma (for design).
- **Achievements:**
 - Led the design and implementation of both the front-end and back-end.
 - Successfully deployed the application to a live environment.

Cybersecurity Analysis

- **Role:** Security Analyst / Software Tester
- **Description:** As part of a cybersecurity course, I was tasked with identifying vulnerabilities in our university's website.
- **Methodology:** Started with introductory examples in Juice shop, then applied a divide-and-conquer strategy to investigate the school website for common vulnerabilities.
- **Achievements:**
 - Identified and documented several security flaws.
 - Presented our findings to the university's development team through responsible disclosure.

Education

BSc in Computer Science Veritas University Abuja, Nigeria | 2020 – 2024

Awards & Recognition

- **Most Professional**, Transcorp Hilton Abuja, 2023
- **Best Content Creator of the Year**, National Association of Computing Students (NACOS), 2024
- **Dance Battle Winner**, National Youth Service Corps (NYSC) Camp, 2025
